About Loon Echo Land Trust

Loon Echo Land Trust (LELT) was formed in 1987 to protect land in the northern Sebago Lake region to conserve its natural resources and character for future generations. LELT protects 8,000 acres in Raymond, Bridgton, Casco, Sebago, Denmark, Naples, and Harrison through land acquisition and conservation easements. LELT is a community-supported non-profit. **Donate today to support conservation and trails in the Lakes Region!**

About Peabody-Fitch Woods

Peabody-Fitch Woods (PFW) is a 252-acre forest surrounding the fields of Bridgton Historical Society's (BHS) Narramissic Farm. LELT conserved the forest in August 2019. The woods and trails are available for public use year round.

About Narramissic

The Peabody-Fitch Farm was established in 1797 by one of Bridgton's first settlers, William Peabody. In 1938, Mrs. Margaret Monroe from Providence, RI, purchased Peabody-Fitch Farm to use as a summer home. When she passed away in 1986, she left the farm & fields to the Bridgton Historical Society. Today, the property, known as Narramissic, is operated as a museum by Bridgton Historical Society. The house, barn, and blacksmith shop reflect life in the mid-19th century.

House Tours in 2020 available by appointment only. Maximum of 5 per group, \$30 per group. Call 207-647-3699 or contact via email at info@bridgtonhistory.org.
